

## Second Grade Summer Reading

Dear Parents:

Summer vacation is almost here. I have listed books for the children to read over the summer. This will help them to keep their reading skills sharp for the fall. The first book is a required book for the whole class to read during the summer. Your child will read the book and answer five questions about the book. I have included five questions on the following sheet. Your child will also need to read another book and may choose from the optional list. I have listed all other books that could be chosen. You may find the books at any library. Please be sure your child reads and answers the questions for each book read. Remember—the first book is required; the second book may be chosen from the optional list.

Have a blessed summer!
