**"Despicable Me"**

Come out and join us.

All are welcome.

# Movie Night

We are celebrating the  
History of the Movie  
Theatre in our very own  
"Silver-Coin Theatre"

## Did you know?

The first theater in the world exclusively devoted to showing motion pictures was the Nickelodeon, which was opened on June 19, 1905 in Pittsburgh, Pennsylvania.

96 seats were moved into an empty store transforming it into the world's first movie theater. The name was based on the cost of admission to the theater (a nickel) and the Greek word for theater (odeon).

The theater was a stunning success and thousands of nickelodeons began appearing in cities all across America. By 1915 the price of admission increased to 10 cents.

Drive-in theaters began in 1933 at a cost of 25 cents per car and 25 cents per person.

## Admission:

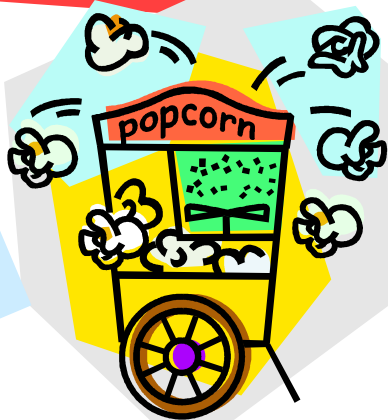

A silver coin of your choice!!!

Don't forget . . .

Each silver-coin admission  
receives 100 spirit points  
for your class.

Spread the word . . .  
The senior class will  
have freshly popped  
corn and baked  
goods for sale and  
for our enjoyment!
